THE CAMPUS COMES ALIVE AGAIN

New Beginnings. Renewed Aspirations. A Future of Possibilities.

With the arrival of new academic session, the SIET Nilokheri campus once again resonates with the energy of young minds, ambitious dreams and endless possibilities. As the campus welcomes its new students and freshers back to resuming, scholars, it embraces a renewed spirit of learning, innovation, collaboration and excellence. For our newly admitted students, this marks the first step towards becoming the engineers, innovators and technology professionals of tomorrow. The journey ahead will provide opportunities to acquire knowledge, develop competencies, shape ideas and transform challenges into meaningful solutions. With a strong emphasis on quality education, innovation, skill development and holistic growth, the institute looks forward to another year of meaningful academic engagement and achievement.

A NEW JOURNEY BEGINS...

Welcoming the Engineers of Tomorrow

A new academic session brings with it new faces, fresh dreams and limitless possibilities. We warmly welcome our new students at SIET, Nilokheri, as they commence their journey towards becoming competent engineers, innovative thinkers and responsible professionals of tomorrow. Here, classrooms will become spaces for curiosity, laboratories will become arenas for experimentation and ideas will take shape as solutions to real-world challenges.

Together let us make this academic journey worth remembering...

IIT Ropar–SIET Nilokheri MoU: Building Bridges for Academic and Research Excellence

In a significant step towards strengthening technical education and research, the Indian Institute of Technology (IIT) Ropar and the State Institute of Engineering and Technology, Nilokheri signed a Memorandum of Understanding (MoU) to promote academic collaboration, knowledge exchange and research opportunities. The MoU was signed in the presence of Prof. Rajeev Ahuja, Director of IIT Ropar; Prof. C. C. Reddy, Professor and Head of Department IIT Ropar and Prof. Anil Kumar Rose, Director-Principal, SIET Nilokheri. A key feature of the agreement is a student exchange programme under which undergraduate and postgraduate students can study or undertake research at the partner institution for up to one year. Students will continue to pay fees at their home institution and will be exempted from tuition fees at the host institution. Academic credits earned during the exchange may also be transferred following appropriate evaluation.

The agreement further promotes faculty exchange, joint research, consultancy projects and collaborative academic activities. Faculty members will have opportunities for short-term visits and research collaboration while both institutions will facilitate the sharing of technical literature, study materials and research information. IIT Ropar and SIET Nilokheri will also jointly organize seminars, conferences, workshops and continuing education programmes to encourage interaction and knowledge sharing. The MoU marks an important milestone in promoting academic excellence, innovation, research and professional development, while opening new avenues for students and faculty members and contributing to the growth of technical education in Haryana.

Promoting Health and Well-being: Health Check-up Camp Organized at SIET Nilokheri

State Institute of Engineering and Technology (SIET) Nilokheri, in association with Livasa Hospital, Karnal organized a Health Check-up Camp for the employees and students of the institute on August 3, 2026. The initiative was aimed at promoting preventive healthcare, encouraging early detection of common health concerns, and enhancing the overall well-being of the institute's employees and students. The camp held from 11:00 AM to 2:00 PM on the institute premises provided with access to a range of basic health screenings and expert medical guidance. The health check-up included Blood Pressure, Random Blood Sugar, Oxygen Saturation, Pulse Rate, and Body Temperature assessments. In addition, the medical team provided Orthopaedic Consultation and General Physiotherapy Consultation enabling participants to seek professional advice regarding common health and musculoskeletal concerns. The initiative emphasized the importance of regular health monitoring and timely medical consultation. The camp received a positive response from the beneficiaries, who appreciated the institute's efforts towards creating a healthier and more supportive workplace. The successful organization of the camp reflects SIET Nilokheri's commitment to employees and student's welfare and preventive healthcare, reinforcing the message of "Healthy Today, Stronger Tomorrow."

Tree Plantation Drive under ‘Ek Ped Maa Ke Naam’ Campaign

SIET Nilokheri organised a Tree Plantation Drive under the nationwide campaign “Ek Ped Maa Ke Naam”, reaffirming its commitment towards environmental conservation and sustainable development. The initiative was aimed at promoting environmental awareness among students and encouraging the institute community to take collective responsibility for protecting and nurturing nature. The plantation drive was graced by Hon’ble MLA, Nilokheri, Shri Bhagwan Das Kabirpanthi, as the Chief Guest. The Member of Municipal Corporation, Nilokheri also attended the programme and encouraged the participants to actively contribute towards creating a greener and healthier environment. As part of the campaign 200 saplings were planted across the institute campus. The participation of students, faculty members and staff transformed the drive into a meaningful collective effort, reflecting the spirit of “Ek Ped Maa Ke Naam” and the importance of preserving the environment for future generations. The dignitaries appreciated the efforts of SIET Nilokheri in promoting environmental sustainability and highlighted the significance of planting trees in combating climate change, improving air quality and maintaining ecological balance. Students were also encouraged to take responsibility for the regular care and nurturing of the planted saplings ensuring that the plantation initiative develops into a lasting green legacy. The event concluded with a renewed commitment from the SIET community to undertake further green initiatives and sustainable practices on campus.

Partition Horrors Remembrance Day (Vibhajan Vibhishika Smriti Diwas)

The college observed Horror Remembrance Day on 14 August 2026 to commemorate the victims and remember the painful events associated with the Partition of India. The programme aimed to sensitise students towards the human cost of communal violence and displacement and to promote the values of peace, harmony, tolerance and mutual respect. Faculty members and students participated in the programme with solemnity and reflected upon the struggles and sacrifices of those who were affected during the Partition. The observance provided an opportunity for students to understand the importance of communal harmony and the need to learn from history to build a peaceful and inclusive society. The programme concluded with a collective message of peace, unity and respect for humanity reaffirming the college's commitment to nurturing socially responsible and compassionate citizens.

Independence Day Celebration 2026 at SIET Nilokheri

Swatantrata Diwas 2026 was celebrated with great patriotic fervour and enthusiasm at State Institute of Engineering & Technology (SIET), Nilokheri. The celebration brought together students, faculty members and staff to commemorate the 80th Independence Day of India and to honour the sacrifices of the freedom fighters who laid the foundation of our nation's freedom. The programme commenced with the hoisting of the National Flag followed by the National Anthem. The campus resonated with a strong spirit of patriotism as the institute community joined together to celebrate the values of freedom, unity, democracy and national responsibility. The event featured patriotic songs, poems, speeches and cultural presentations showcasing the talent and enthusiasm of the students. The performances reflected the rich cultural heritage of India and conveyed inspiring messages of patriotism, national unity and the responsibilities of young citizens towards the nation. Addressing the gathering, the Director- Principal Prof. Anil Kumar Rose, emphasised on the importance of quality technical education, innovation, discipline, integrity and social responsibility in building a strong and self-reliant India. Students were encouraged to contribute positively towards society and to uphold the ideals and constitutional values that guide the nation. The Independence Day celebration at SIET Nilokheri was a memorable occasion that filled the campus with pride, enthusiasm and a renewed sense of commitment to the nation.

SIET Hosts SIH Internal Hackathon 2026

SIET, Nilokheri successfully conducted its first-ever Smart India Hackathon (SIH) Internal Hackathon 2026 which was organised by the #Code Club, with the aim of promoting innovation, problem-solving, teamwork and collaborative prototyping among students. The event was conducted under the guidance of Director-Principal (Prof.) Dr. Anil Kumar Rose with the support of Sh. Ved Prakash, HOD Computer Engineering, faculty coordinators Ms. Seema Ranga, Dr. Rama Chawla and Mr. Ashish Kharb. The hackathon witnessed enthusiastic participation from 114 students forming 19 teams representing different engineering branches of the institute. The participating teams worked on 17 themes, developing innovative solutions and prototypes to address identified problem statements.

The final presentations and prototype demonstrations were held on 18 August 2026 before an eight-member jury panel. The teams were evaluated on various parameters, including innovation, problem-solving approach, technical feasibility, prototype development and presentation. The Top Four Teams were:

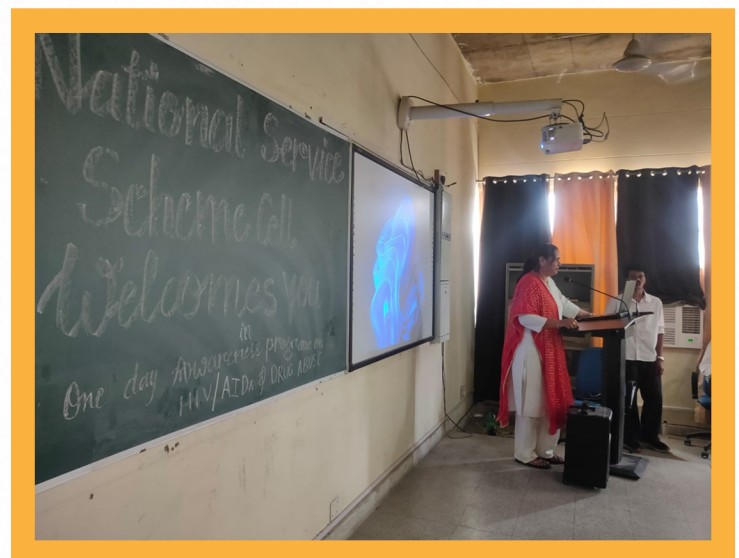

1. Team Mech
2. Team Overflow
3. Team of Elites
4. Team Codev

The successful completion of the internal hackathon marked an important milestone in strengthening the culture of innovation and collaborative problem-solving at SIET.

The Top 10 teams will proceed for nomination to the next round of Smart India Hackathon 2026, giving students an opportunity to take their ideas to the national-level platform. The event provided students with hands-on experience in transforming ideas into practical solutions and encouraged them to approach real-world challenges with creativity, teamwork and an entrepreneurial mindset.

HIV/AIDS and Drug Abuse Awareness Programme Organised

As a part of NSS activities, HIV/AIDS and Drug Abuse Awareness Programme was organised at SIET, Nilokheri as a part of NSS activities in collaboration with the Civil Hospital, Nilokheri and the Brahma Kumaris (Om Shanti) on 19/08/2026. The programme aimed to sensitise students and faculty members about the health and social consequences of HIV/AIDS and drug addiction and to promote awareness regarding prevention and responsible choices. The medical team from Civil Hospital, Nilokheri conducted an informative session on HIV/AIDS, drug abuse and related health issues. An awareness film was also screened to provide students with a better understanding of the risks associated with substance abuse and HIV/AIDS. Representatives from the Brahma Kumaris, including Sangeeta Ji and Dr. Kanta Verma also addressed the participants and delivered a lecture on drug addiction, its harmful effects and the importance of a positive and value-based lifestyle. Their interaction emphasised self-discipline, mental well-being and the need to stay away from addictive substances. As part of the programme, free and voluntary confidential HIV testing was also offered to interested students and teachers. Approximately 25–30 participants availed themselves of the testing facility.

Celebration of World Entrepreneurship Day

World Entrepreneurship Day was celebrated at SIET Nilokheri on 21 August 2026 with the objective of fostering an entrepreneurial spirit among students and encouraging them to explore innovation, creativity and self-employment opportunities. As part of the celebration, an expert lecture was organised by Mr. Praveen Kumar, Business Growth Strategist and COO, Management Associates Pvt. Ltd. He delivered a session on “The Entrepreneurial Mindset : Skills That Matter Beyond Your Degree”. During the session, Mr. Praveen Kumar highlighted the importance of developing an entrepreneurial mindset and acquiring skills that go beyond academic qualifications. He emphasised on the qualities such as initiative, adaptability, problem-solving, communication, creativity, leadership and the ability to identify and seize opportunities. The interactive lecture provided students with valuable practical insights into the skills required to succeed in today’s dynamic professional environment. The programme served as an inspiring platform for students to think innovatively, develop confidence and recognise entrepreneurship as a viable career pathway. 65 students and faculty members also registered themselves with 23 no. of new ideas on newidea.higheduhry.ac.in as per govt. guidelines. Hon’ble Chief Minister’s programme “Entrepreneur’s Chaupal” was also live-streamed among students of the institute on 21/08/2026. The event was coordinated by Lt. Dr. T. R. Mudgal and Mrs. Asha Kumari, whose efforts contributed to the successful organisation of the programme.

Glimpses from Gen-H Startup Summit '26 held on 21st August 2026 at Gurugram University

Students of SIET Nilokheri, accompanied by Dr. Mohit Nandal participated in the Gen-H Startup Summit '26 held at Gurugram University. The summit provided students with an enriching platform to explore the world of entrepreneurship, innovation, startups and emerging business opportunities. Their participation offered valuable insights into the evolving startup ecosystem and encouraged them to think creatively, embrace innovation and transform ideas into impactful solutions. The event served as an excellent opportunity for students to interact with the entrepreneurial ecosystem, broaden their perspectives and gain meaningful exposure beyond the classroom. A step towards nurturing an entrepreneurial mindset and building the innovators of tomorrow!

NCC Cadets Excel Across Key Training Camps

Our NCC cadets achieved significant milestones through active participation and selection in specialized training programs under the mentorship of Lt. Dr. T. R. Mudgal.

Annual Training Camp (ATC 131): Held from 19th to 28th June 2026 at Gharaunda, 13 cadets represented our institute participated in rigorous tactical training, discipline exercises and community initiatives such as plantation drives.

Drone Training Camp: 2 girl cadets completed a 10-day specialized Drone Training Camp at Sports School Rai gaining practical technical exposure.

Medical Training Camp: 1 boy and 1 girl cadet attended a 10-day training camp at Military Hospital, Ambala Cantt.

Thal Sena Camp (TSC) Selection: 2 cadets earned selection for the prestiges Thal Sena Camp showcasing top-tier skills and dedication.
